1. Bullying

Our Anti-Bullying Vision

Respect is a core value at JQA. We care by respecting and looking after each other. JQA believes that all forms of bullying are unacceptable and should not be tolerated. We want all children to be and feel safe from bullying and all forms of discrimination. We want everyone who works with children to take bullying seriously and know how to resolve it positively. We seek to empower them to challenge, remedy and prevent bullying, creating a culture where every child is treated with dignity and respect and takes seriously their responsibility to treat others in the same way.

The Academy's anti-bullying policy and practice operates with due regard for the most recent legislation and guidance in Education Reform Act (1988); Equality Act (2010); DfE Preventing and Tackling Bullying(2017) and Keeping Children Safe in Education.

The Definition of Bullying

JQA adopts the 'Anti-Bullying Alliance' definition of bullying:

"Bullying is the intentional (physical or emotional) hurting of one person by another, where the relationship involves an imbalance of power. It is usually repetitive or persistent, although some one-off attacks can have a continuing harmful effect on the victim."

Bullying Behaviour

Bullying can take many forms, including:

- Bullying relates to discriminatory attitudes, beliefs, behaviour, distinctions, exclusions, restrictions or preferences that are based on presumptions about an individual or group of people.
- Verbal name calling, insults, jokes, offensive language or comments, including graffiti, threats, innuendo, teasing, taunting, bragging, ridicule.
- Physical unprovoked assaults such as prodding, pushing, hitting or kicking, 'rushing', shaking, inappropriate touching, blocking the way, capturing, contact involving objects used as weapons.
- Social humiliation through exclusion or rejection by peer group, 'blanking', spreading rumours, gossiping, peer pressure to conform, using difference as a dividing factor.
- Cyber bullying via the internet, email or mobile phone, e.g. text messages, phone calls, pictures/video clips ('happy slapping'), chat rooms, instant messages or posting on websites or message boards.

- Non-verbal Staring, throwing dirty looks, gesturing, manipulating behaviour through intimidation, body language, invasion of personal space, silence, spitting, stalking, refusing to touch, playing mind games.
- Provocative Inciting others to behave in a threatening, racist, sexist or homophobic way, bringing provocative literature or homophobic propaganda onto the school's site.
- Other: Extortion, blackmail, hiding or interfering with personal property, etc., forcing to take part in embarrassing initiation rites or humiliating acts, seeking sexual favours.

Bullying can also be part of other forms of abuse, including neglect, emotional, physical and sexual abuse (Including peer on peer).

Bullying is different from fighting, which can usually be defined as a one-off incident with the purpose of resolving immediate conflict. Nor does a falling out between friends constitute bullying, although bullying may result from this.

Incidents of bullying will be addressed in line with the school's behaviour management procedures and the Safeguarding and Child Protection Policy. The latest version of Keeping Children Safe in Education and related guidance, should be considered when identifying, responding to and monitoring of any instances of bullying.

Reports and instances of bullying are logged and monitored and different types of bullying are tracked by a senior member of staff through CPOMS. This is evaluated regularly and checks are made to ensure that necessary and appropriate actions have been put in place by the pastoral team, including action for both the victim and perpetrator. Information on bullying is monitored to inform intervention and reported to the LGB.

The Sharp System is promoted to students regularly and is accessible via the Piota app and website, if students need to make reports of bullying. This is monitored by a Senior member of staff. Students are also encouraged to report any bullying to any adult and can be assured it will be dealt with appropriately and accordingly in a culture where Safeguarding is strong.

The Academy actively promotes action around anti-bullying through displays, form time sessions, assemblies, work with external partners and National and International days of recognition to promote tolerance, diversity, harmony and respect.

JQA provides an education and working environment in which all participants are equal and fairly treated. We foster a climate of respect for cultural diversity, of flexibility and acceptance with regard to cultural difference, creating an environment free from discrimination. The Academy publishes Equality Objectives each year, these are available on our website.

Cyber Bullying

Cyber bullying relates to the use of online environments, the internet, mobile phones and any form of electronic communication system as a vehicle for bullying type activities. Cyber bullying can be in the form of direct address to the individual(s) being targeted and/or indirect where electronic systems are used to disseminate to a wider audience other images of/messages about the individual(s) concerned.

The Academy will not tolerate acts of cyber bullying. All incidents of homophobia will be dealt with at the school and parents/carers will be informed immediately, as with all instances of bullying.

Racist Bullying

Racist bullying relates to discriminatory attitudes, beliefs, behaviour, distinctions, exclusions, restrictions or preferences that are based on presumptions about a person's colour, descent, national or ethnic origin, migrant status or religion. The bullying suffered can include verbal and physical abuse by an individual or group towards an individual or group of people

The Stephen Lawrence Inquiry Report, (2006) defines racism as

"... Conduct or words which advantage or disadvantage people because of their colour, culture or ethnic origin. In its more subtle form it is as damaging as in its more overt form".

Incidents of racism can take place in all schools – and need not necessarily be directed towards someone in the school.

- The Education Reform Act (1988) requires school's" governing bodies to discharge their responsibilities without racial discrimination and to ensure that no unlawful discrimination takes place in their school.

JQA provides an education and working environment in which all participants are equal and fairly treated. We foster a climate of respect for cultural diversity, of flexibility and acceptance with regard to cultural difference, creating an environment free from discrimination on the basis of perceptions about race. The Academy will not tolerate any act of racism towards any member of the Academy.

All incidents of racism will be dealt with at the school and parents/carers will be informed immediately. Information regarding the process for dealing with racist bullying is included within this document. Legally all incidents are logged and the numbers reported by schools to the Trust.

Homophobic Bullying

Homophobic bullying is a specific form of bullying and occurs when bullying is motivated by prejudice against lesbian, gay, bisexual or transgender people (LGBTQ+), or against those perceived to be lesbian, gay, bisexual or transgender. It can also be targeted towards students who are seen to be "different" in some other way, for example, because they may be considered shy by other students. In this way, a person's identity is used to abuse them and homophobic bullying can therefore be experienced by all students, regardless of their sexuality.

The bullying suffered can include verbal and physical abuse by an individual or group towards an individual or group of people.

- The Education Reform Act (1988) requires schools' governing bodies [...] to ensure that no unlawful discrimination takes place in their school.

JQA provides an education and working environment in which all participants are equal and fairly treated. We foster a climate of respect for cultural diversity, of flexibility and acceptance with regard to cultural difference, creating an environment free from discrimination on the basis of perceptions about sexual orientation. The Academy will not tolerate any act of homophobia towards any member of the school community. All incidents of homophobia will be dealt with at the school and parents will be informed immediately, as with all instances of bullying.

2. Implementation

In order to prevent bullying and harassment the school will:

- raise awareness of the school's anti-bullying policy amongst parents/carers.
- raise awareness and understanding of the school's anti-bullying policy amongst students.
- develop a whole school approach to dealing with bullying.
- develop emotional and social learning across the school through Character education
- develop a 'telling culture' amongst all students.
- always investigate and act when bullying incidents are reported.
- encourage anti-bullying approaches that are focused on generating solutions through joint problem-solving.
- ensure that all emotional and practical support is provided during and after incidents of bullying to all students involved in bullying, including perpetrator.
- collect, monitor and analyse bullying behavior to inform practice and bespoke interventions, as well as group / cohort approaches
- work proactively with the local community and external agencies in order to address bullying and its impact.
- participate in national activities such as Anti-Bullying Week and Pride month and make this high profile around the school.
- at least termly a student and parent survey are conducted to gauge the effectiveness of our anti-bullying measures.
- weekly focus groups with a Senior Leader to take feedback from students.
- regular monitoring of the Academy's Equality Objectives and reporting to the Local Governing Body.

All staff at the school will be required to:

- promote a culture where bullying is unacceptable and where 'telling' is the norm.
- ensure that effective and consistent intervention happens immediately when bullying occurs.
- model positive relationships and communication at all times with students and staff.
- engage students with the issue of bullying through the curriculum.
- be watchful of signs that an individual is being bullied.

Students will be required to:

- report incidents or suspected incidents where bullying occurs to themselves or others to a staff member or via the Sharp System.
- apply their learning to promote an anti-bullying culture.

Parents will be required to:

- raise their awareness of the school's anti-bullying policy.
- support the Academy's behaviour procedures by signing the Home School Collaboration Agreement.
- watch for signs of bullying in their child that could include one or more of the following:
 - Lack of concentration on school work or begin to perform poorly at school.
 - be intermittently absent from the school.
 - be reluctant to walk to or from school.
 - be reluctant to talk about school.
 - not want to leave the house.
 - want to change schools.
 - become withdrawn, anxious or lacking in confidence.
 - lose or increase their appetite.
 - have possessions damaged or go missing.
 - bully other children or siblings.
 - be afraid to tell you what's wrong.
 - become clingy to their parent or carer.
 - ask for or steal money regularly.
 - physical injuries that can't be explained rationally.
- take an active interest in their child's social life or group of friends.
- advise their child to inform a staff member of any bullying incidents.
- encourage their children not to retaliate.
- work closely with the school to resolve issues of bullying.
- be aware of and promote the Sharp System to your child.

3. General Anti-Bullying Practice: Expectations

Establishing and Reviewing the Anti-Bullying Policy

Schools are required by the Education and Inspections Act 2006 to formulate a behaviour policy which must include the prevention of bullying. An organisation's anti-bullying policy should:

- state the agreed definition of bullying.
- cover all forms of bullying.
- include a full range of preventative strategies and interventions.
- apply to all those involved in schools– young people and adults alike.
- have clear links with other policies, particularly behaviour policies.
- show clearly how the school monitors bullying, analyses results and uses data to change practice.

Our anti-bullying policy will be reviewed annually in accordance with Department for Education guidance, or in response to an incident, or incidents that necessitate an immediate review.

Developing a Whole Organisation Approach

Preventing and intervening in incidents of bullying is the responsibility of everyone in the school community: staff (including governors), young people and parents/carers. It is therefore important that we make sure that everyone knows and understands the school's anti-bullying policy and how to it consistently.

Preventative and intervention strategies for bullying behaviour must be at the very core of the school's Behaviour for Learning Policy and the curriculum.

Developing Social and Emotional Learning

Helping young people to be aware of, and develop, these aspects of learning is a significant preventative anti-bullying strategy – having friends, for example, is a known significant protective factor against bullying.

Using all the latest research and best practice, the Academy is committed to develop a culture that:

- makes it clear that bullying is everyone's business, that telling someone when it does happen is an expectation and that this does not make them a 'snitch', 'snake' or a 'grass'.
- reassures students that they will be taken seriously and kept safe if they tell someone about a problem with bullying.
- is supportive towards students when they tell the someone by listening carefully.
- investigates appropriately, taking action, communicating regularly and offering longer-term support as necessary.
- gives students information about other sources of support.

Investigating and Acting

We also know from a variety of research that some students experience times when they tell adults about incidents of bullying and feel that the incident is either ignored or dealt with inappropriately. All schools have a duty to safeguard students so it is crucial that staff investigate thoroughly when an incident of bullying comes to light, take appropriate action and keep those who reported it involved and informed.

Linking with the Local Community

Given the challenges students might face contextually in their community such as CSE and CCE, it is important that the Academy make themselves aware of issues related to bullying in their local areas that could leave students vulnerable to these contextual safeguarding issues. The Academy works in partnership with West Midlands Police and organisations such as First Class Foundations to effectively engage with incidents of Anti-Social Behaviour, including bullying and prejudice-related incidents.

Collecting, Monitoring and Analysing Data

Data is vital in enabling the school to understand the nature and extent of any bullying taking place. It can also help to spot any new trends emerging and develop training and strategies to deal with them. JQA schools regularly collect, monitor and analyse data about bullying to inform practice.

In addition to quantitative data, the Academy finds out from students how good they think the organisation is at preventing bullying and working through incidents when they arise. Results from data monitoring must make a significant contribution to the school's evaluation of its anti-bullying policy and practice and the Academy's School Improvement Plan.

4. Anti-bullying Procedures

The following procedures must be followed at all times when responding to incidents of bullying and/or discrimination:

Bullying Incident Reported

It can take courage for students to report a bullying incident, whether they are a victim, bystander or have used bullying behaviours. Students may report bullying in person or using the Sharp System.

Adults receiving the information should show that they are listening; the young person/people reporting the incident should feel that they have been listened to carefully and that they are being taken seriously. At this stage it should be clearly established, using the definition of bullying, that the incident reported is one of bullying. The incident should then be logged on CPOMS (specifying the type of bullying) where it can be evaluated and referred immediately to the relevant pastoral lead/Senior Leader for investigation.

Is there a Safeguarding / Child Protection Concern?

All staff must be alert to whether there may be a safeguarding or child protection concern and follow the correct procedures from the Safeguarding policy if they think this is the case.

Investigate the Incident

The designated member of staff who is leading the investigation must inform the parents involved that there has been a possible incident of bullying. It is crucial that effective communication between all parties involved is maintained at all points. We succeed by working as a team. Where bullying occurs outside the Academy, any other relevant schools or agencies (e.g. youth clubs, transport providers) must be informed about the concerns and the action taken.

A clear account of the incident will be recorded in line with school procedures. Open questions should be used

- What has been happening?
- Who has been involved?
- How have those involved been affected?
- Where did the incident(s) take place?
- When did the incident(s) take place?

- What happened just before/after the incident(s) took place?
- How often has this been happening?
- Over what period of time has this been happening?
- What were you thinking/feeling at the time of the incident(s)?
- What have you been thinking/feeling since?

The interviewer will also summarise, at regular intervals, what has been heard back to the person being interviewed. Summarising enables everyone involved in the conversation to finish it with a common understanding of what happened; for a person talking about a difficult situation for the first time, feeling understood will be very important. Pastoral staff receive regular training on dealing with bullying.

Inform the Assistant Headteacher / Pastoral Manager

Once all information has been gathered a meeting should take place with relevant staff as per specific school procedures. A plan of action should then be determined. It is important that whatever response is chosen it is communicated to all those involved in or affected by the incident so that everybody is clear and misunderstandings are avoided. All incidents of bullying and discrimination, including allegations that are not proven, will be recorded.

Plan and Take Action

At this stage, whatever response has been decided on should be planned in detail, put into place and recorded as part of the Academy's data collection and monitoring processes. All incidents of bullying must be recorded. The Academy's response to incidents of bullying will be unique to each and every situation.

Responses will be in line with the Behaviour policy and the proactive support / intervention work of the relevant pastoral team. Support will be given to any victim and sanctions will be applied to anyone found to be involved in bullying to avoid the repetition of such behaviour. This will be on the balance of probability and evidence available.

As the Academy has a duty of care to the whole community, the Head of School may decide that following the outcome of evidence-based investigation that an incident of bullying should lead to a Fixed Term Exclusion. There may also be cases where the balance of probability is overwhelming so the Head of School may decide to exclude a child for their own safety and the safety of others.

In cases of repeat incidents involving one individual student Fixed Term Exclusion will be an immediate sanction. In certain extreme cases the Head of School may decide that an incident of bullying should lead to Permanent Exclusion.

5. Appendix One

Legislation and Policy

The following legislation covers the obligations for schools with regards to bullying.

Equality Act (Sexual Orientation) Regulations 2007

Local authorities, schools and settings must treat bullying on the basis of sexual orientation as seriously as that grounded in race, gender or disability. Organisations need to ensure that young people have full access to education, benefits, facilities or services provided by the organisation, regardless of their sexual orientation or that of their parents/carers.

Racial and Religious Hatred Act 2006 – this forms part of the Public Order Act 1986

The Act makes it an arrestable offence to display threatening language, behaviour or written material in a public place, with the intention to threaten or stir up hatred.

The Gender Equality Duty (GED) 2006

The GED requires local authorities to publish a Gender Equality Scheme (GES), which details how unlawful sex discrimination and harassment, including bullying, on the grounds of sex will be eliminated, and how the local authority will promote equal opportunities between males and females.

Disability Equality Duty (DED) 2005

Local authorities, schools and other settings have specific duties to meet the needs of disabled students and have a general duty to promote disability equality and participation. Local authorities, schools and

colleges have to prepare and publish a disability equality scheme, showing how they will meet these duties.

The Children Act 2004

This act requires agencies to work in partnership to promote and safeguard the welfare of children and young people. The following form part of the Act:

- Local Safeguarding Children Board (LSCB).
- The Children and Young People's Plan (England) Regulation 2005.

The Race Relations Amendment Act (RRAA) 2000

Under the RRAA, local authorities and schools must tackle racial discrimination, which is against the law, and promote equal opportunities and good relations among people from different racial groups. They must also set out how they will deal with racist incidents within a race equality policy. Schools are required to provide reports to the local authority and their school governors about racist incidents that occur in the school.

The Crime and Disorder Act 1998

Partners including the local authority, police, probation and health service must work together to develop, implement and publish a three-year strategy for reducing crime and disorder for the area. This should include strategies to reduce anti-social behaviour, which incorporates aspects of bullying.

UN Convention on the Rights of the Child (1989)

This protects children by setting out their basic human rights. These include children's right to protection from harmful influences, abuse and exploitation and their right to participate fully in family, cultural and social life.

Working Together to Safeguard Children (2018)

Children who need help and protection deserve high quality and effective support as soon as a need is identified.
